

Solo Channel Systems

Solo Channel Systems are a simple Hydroponic system that can be run alone or be linked together to make a larger system. The channel systems come in 2 different pot sizes, 80mm to suit small plants such as herbs and lettuce or 165mm to suit larger plants such as dwarf fruit trees.

Name:	Size:	Price:	Includes:
Solo 100 11 Pot	1.5m	\$55	1 x 1.5m Solo 100, 11 x 80mm pots Perlite, Nutrient
Solo 100 22 Pot	3m	\$125	1 x 3m Solo 100, 22 x 80mm pot Perlite, Nutrient
Solo 150 6 Pot	1.5m	\$75	1 x 1.5m Solo 150, 6 x 165mm pot Perlite, Nutrient
Solo 150 12 Pot	3m	\$145	1 x 3m Solo 150, 12 x 165mm pot Perlite, Nutrient
Solo 100/150	2 x 1.5m	\$332 \$373 solar	1 x 1.5m Solo 100, 1 x 1.5m Solo 150, 11 x 80mm pots, 6 x 165mm pots, Irrigation fittings, hoses, 60L tank, pump
Solo 100/150	4 x 1.5m	\$477 \$518 solar	2 x 1.5m Solo 100, 2 x 1.5m Solo 150, Perlite, Nutrient, 60L Tank, Pump Irrigation fittings, Hoses, Stand

Set Up

Manual/Hand Watered - Keep the drain attachment pointing upright and half fill the channel. Fill again when empty.

Automated

Use a pump and timer, connect channels together with hose and set the timer to 1-2 times day to refill the channel. Solar pumps are available from \$27.

Solo Stands

Stands are available in:

Narrow = 500mm high, 500mm wide for \$40
Wide = 500mm high and 1 meter wide for \$50

You can have one of these stands with added support for tall plants on one end for \$65/\$75 or make a 1.5meter high growing cube, 1 meter wide for \$99 to suit up to 4 solos. Custom stands can be made to suit walls, fences, pat-ios and more.

Custom systems are available to order. Contact the store for more information
